Note.—Contn. Sheet

To

Hon'ble Dr. K. K. Hegde, M.B;B.S; M.L.A.,

Minister for Public Health,

Government of Mysore, Bangalore.

From

A. Vittal Punja, L.Ag.,

Attavar, Mangalore - 1.

Dear Dr. Hegde,

Ref:- Waste land being taken up by Forest Dept: for cashew cultivation.

May I bring to your kind notice, the following facts regarding the recent steps taken by the Forest Department of taking up waste land in villages for cultivation of cashew.

1. Under the old order of things, the Revenue Authorities were bound to reserve big blocks of waste land in every "kare" or ward of all villages for grazing purposes, as well as thatching grass. Such reserved blocks were not allotted either to the landlords or to the landless poor. This system was working very well.

2. Later on, such grazing grounds were allotted to the landless poor, thus bringing down the extent of grazing ground in each village.

3. Further, such grazing grounds were allotted to people who applied to the Cashewnut Officer for purposes of cashew cultivation. This brought in a lot of hardship to the villagers, who were hardput to find enough waste land for grazing of their cattle as well as for thatching grass. These allotments for cashew cultivation to individuals was done in spite of protests from the Presidents of local Panchayats.

4. The Presidents of Panchayat Boards are not being intimated re. survey numbers of the blocks reserved for grazing grounds. When an application ~~for the~~ from the Panchayat Board President was made to the Tahasildar for such information, no reply was being received. The shanbhogues too are not co-operating in this matter; as such, the Presidents of the Panchayat Boards are unable to find out which are the blocks that are reserved for grazing in each village.

5. Of late, the District Forest Officer is looking round for big blocks of waste land for reserving it for cashewnut cultivation by Government. They are reserving large blocks for such purposes, without consulting the local Panchayat Boards to the detriment of the villagers.

MH (SKP) 58/60

C.C.F. to ask D.F.O. not to take up the areas mentioned in the representation till C.F. or C.C.F. visits the place and decides after having the people of the area

As you are aware, for proper cultivation, good cattle are required and to keep the cattle in good condition, plenty of grazing ground is absolutely necessary. Moreover, these waste lands are also required for thatching grass for their houses. If such waste lands are taken away by the Govt. Forest Dpt without due consideration to the needs of the villagers, I feel, a lot of harm and injustice will be done to the concerned villagers.

Nos abetter

6. To give you a few typical examples of how things are being done by the Forest Dept, in a most hapazard way; in Thodar Village (Karkal Taluk) they are surveying the waste land and the local Panchayat Board has not been consulted so far.. The Forest Dept. is also surveying waste land for cultivation of cashew in Badaga Yeda Padavu village, near Mundabettu Guthu.

7. Several representations have been made to me by the tenants of the neighbourhood that if these waste lands are taken away by Govt., absolutely, therewill be no place left in the village for grazing cattle, as well as for the requirements of thatching grass for houses. The Dist. Forest Officer is particularly keen to have a big block in continuation to Thodar Reserve Forest without the least consideration as to the requirements of the cultivators. There seems to be no coordination between the Revenue and the Forest Departments. I thought it fit to bring all these facts to your kind consideration, since you represent our circle and I feel, you are the best person to hear their grievances and do the needful in the matter.

8. May I suggest here that Government should reserve enough waste lands for grazing and thatching grass in each ward of every village and that the President of the Panchayat Boards be supplied with the Survey numbers of the blocks so reserved.

I shall be happy if you could kindly give this matter your most earnest consideration immediately.

With regards,

Yours sincerely,

A. V. Punja

Retransmitted to Tahsildar, Karkal. The S. No 108/1 in Hosahettu village has been proposed for reservation. The fears of the petitioners are imaginary. They are allowed to remove the green manure leaves freely from the unclassified trees from Reserve Forests and now free grazing is allowed. As to the fear of wild animals permission will also be given to clear undergrowth to a certain distance so that the wild animals may not take shelter in the neighbourhood. The proposed reservation in no way will cause hinderance for the construction of the High school. The petitioners can put forth their grievances before the settlement officer at the time of the final settlement.

Sub:- Waste land for Cashew cultivation in Badaga-Yedapadavu and Todar -

Ref:- No.AFD 46 FGN. 60. dated 16.4.1960 of the Secretary to the Government of Mysore Agriculture and Forest Department.

I beg to state that the Hon.Minister for Forests and Transport, having heard the representation of Sri A.Vittal Punja and Dr.K.Balappa Shetty, said that the area already pitted would be planted up and that no further area will be taken up at Badaga-Yedapadavu. Hon.Minister was kind enough to tell me that the order would be issued vacating the stay order in this connection. Since the planting season is fast approaching, I submit that Government may please be requested to issue the vacation order early.

Agriculture & Forest Department,
B A N G A L O R E.

MYSORE GOVERNMENT SECRETARIAT No. 4405 16 MAY 1960 FOREST BRANCH

AGRICULTURE & FOREST DEPARTMENT 13 TALPAL SECTION M. G. S.

Sir,

Sub:-Waste land being taken up by Forest Department for cashew cultivation.

Ref:-Your letter No.AFD 46 FGN 60 dated 16-4-1960.

....

The Conservator of Forests, Coorg Circle, has been asked to inspect the areas and to submit his report. I shall write to Government as soon as his report is received. In this connection, I have to point out that cashew plantation work taken up by this Department in unreserves would not interfere with the enjoyment of the privileges by the villagers as hitherto excersised.

If the requests are conceded and this Department ordered to stop the work, it would be difficult to carry out the scheme of Geru planting, as in case of every unreserve, similar objections would be placed by the local population. When the Department is convinced that the efforts will benefit the public and when Government is taking steps to grant unreserves to private parties to raise cashew, it would be quite inorder to raise cashew on Government waste land, though Government agency.

Similar objections were also raised by the villagers of Miyar, Karkal Taluk and Government had directed to stop the cashew plantation work. But, subsequently, after examining the whole matter the stay order was vacated by Governement in their No.AFD 8 FPS 59 dated 10-9-1959.

P.T.O.

I am placing these facts before the Government as suspending of works connected with planting operations, which are seasonal in nature completely upsets the entire programme and the advance works carried out are likely to go waste apart from a growing season being lost.

Yours faithfully,

A.K.

CHIEF CONSERVATOR OF FORESTS.

Ene pdfs.
To

The Secretary to Government,
Agriculture & Forest Department,
BANGALORE.

Sir,

Sub:-Memorandum submitted by the agriculturists of Hosabettu, Thodar etc. Karkal ~~Division~~ Taluk request not to take up waste land for cashew cultivation by the Forest Depaertment.

Ref:-Your memo No.AFD 4386/60 dated 31-5-60.

....

The petitioners have requested not to take up waste lands for cashew cultivation by the Forest Department on the ground that it would deprive them of the grazing facility. The Forest Department is not taking up any waste land, which is absolutely essential for the cultivators. All Reserved Forests have been thrown open for free grazing except the younger plantation areas. Even the cashew plantation work taken up by this Department in some unreserve would not interfere with the enjoyment of the privileges by the villagers as hitherto exercised. In the circumstances the villagers need not have any apprehension. In this connection kind reference is also invited to this office letter No.B3-1858/60 dated 13th May 1960(vide Govt. reference No.AFD 176 FGN 60 dated 16-4-60).

The application is returned herewith.

Yours faithfully,

OFFICE OF THE MINISTER FOR FOREST & TRANSPORT
A-176
13 MAY 1960

To

Hon'ble Sri K.F.Patil, B.A.LL.B.,
Minister for Forests and Transport,
Government of Mysore, Bangalore.

MYSORE GOVERNMENT SECRETARIAT
No. 14386
S. 14 MAY 1960
FOREST BRANCH

Memorandum submitted by the agriculturists of Hosabettu, Thodar and Thenka Mijar villages of Karkal Taluk and Badaga Yedapadavu village of Mangalore Taluk.

C.C.F. for Remark

Honourable Sir,

The recent steps taken by the Forest Department to take up waste land for cultivation of cashew will paralyse cultivation in the villages and will retard the production of food grains. Most of the houses of agriculturists in the villages have got thatched roofs and the cattle in the villages are fed by driving them to the common grazing grounds in the villages. The thatching grass for thatching the roofs of the houses every year and the chief fodder of the village cattle are got from the common grazing grounds of the villages.

AGRICULTURE & FOREST DEPARTMENT
No. 25
TAPPAL SECTION
P. G. S

During the British administration the Revenue Authorities were reserving blocks of waste land in every " ಕಡೆ " or ward of villages for grazing purposes and thatching grass for houses. The reserved blocks were not allotted to anybody.

Subsequently portions of such waste land were darkasted to the landless poor reducing the extent of the land available for grazing and for cutting thatching grass.

Recently portions of waste land were allotted

to people who applied for the land for the purpose of cashew cultivation. This caused great hardship to the villagers in the matter of grazing their cattle and getting thatching grass. The villagers through the Presidents of Local Panchayats protested to these grants.

Of late, the District Forest Officer is looking round for big blocks of waste land for reserving it for cashew cultivation by Government. This is being done without consulting the local Panchayat Boards and the villagers.

It is a well known fact that grass will not grow underneath cashewnut trees and every acre of waste land brought under cashew cultivation, diminishes the supply of grass and thatching grass in the village.

It is also well known that agriculturists in villages cannot afford to feed their cattle in their homes and they depend only on grazing grounds to find grass for their cattle. For proper cultivation good cattle which are well exercised are necessary and such cattle can be had only if there are plenty of grazing grounds. The agriculturists themselves who cannot afford to have tiled houses and cattle sheds will be in poor condition if they are not to live under healthy conditions under a properly thatched roof. If the waste lands are converted into cashew plantations it will not be

possible to get enough thatching grass in the villages to thatch all the houses. Agriculture is bound to suffer and food production will decrease if the cultivators are unable to shelter themselves in properly thatched houses.

In Hosabettu and Thodar villages the Forest Department was surveying waste land without consulting the Panchayat Board. In Badaga Yedapadavu village waste land was being surveyed for cashew cultivation.

The enclosures showing the statistics about number of cattle, number of houses and waste land existing at present will show that there is not enough waste land in the localities referred to in the enclosures for grazing and cutting thatching grass and so the Forest Department may be directed not to take up waste land in the said places for cashew cultivation.

Yours faithfully,

A. Vittal Punja

No.B3-123-550/60-61
Encl: Three.

Chief Conservator's Office,
Bangalore, dated 27-6-60.

To
The Secretary to Government,
Agriculture and Forest Department,
Bangalore.

Sir,

Sub:-Waste land being taken up by Forest Department for cashew cultivation.

Ref:- Government letter No.AFD 46 FGN 60 dated 16-4-60 and this office letter No.B3-1858/60 dated 13-5-60.

AGRICULTURE & FOREST DEPARTMENT
No. 29
TAPAL SECTION
Date 28/6

I enclose copy of letter No.FMS.Gl. 1187/60-61 dated 16-6-60 from the Conservator of Forests, Coorg Circle, along with its enclosures for kind perusal. It can be seen therefrom that on the assurance given by this Department the villagers have no objection to the Department taking up cashew plantation in the areas already pitted. In the circumstances I request you kindly to move the Government to vacate the stay order issued in their letter dated 16-4-60 referred to above to enable this Department to take up planting as this is a seasonal work. If the areas is not planted immediately the work already done will be wasted and a growing season will be lost.

Yours faithfully,

(K.RAMAMAI)
Chief Conservator of Forests.

AS/25/6.

No. 5792
29-6-60
46 FGN 60

Copy of letter No.FWS. G1. 1187/60-61 dated 16th June 1960 from the Conservator of Forests, Coorg Circle, Mercara, to the Chief Conservator of Forests in Mysore, Bangalore.

Sub:-Waste land being taken up by Forest Department for Cashew cultivation.

Ref:-Your letter No.B3-1858/60 dated 17-5-1960 and 9-6-1960.

Adverting to your letter Nos. cited above, I invite kind reference to South Kanara District Forest Officer's No.RC 5628/60-61 dated 19-5-60, I also enclose a copy of letter No.RC 5628/60-61 dated 12-5-1960 of the District Forest Officer stating that the Honourable Minister for Forest and Transport, after hearing the representation of Sri A.Vittal Punja and Dr. K.Balappa Shetty, arrived at the conclusion that the areas already pitted may be planted up and no further area be taken up at Badaga-Yedapadavu and that the Minister assured to see that an order vacating the stay order is issued.

Later the District Forest Officer, South Kanara Division has convened an informal meeting attended by the petitioner Sri A.Vittal Punja and the Tenkamijar, Badagayedapadavu, Towar etc., villagers wherein the advantages of planting the barren area was explained to them and assurances were given that the areas would be open for grazing etc., after which a proceedings was drawn to the effect that the North-West bit of Todar village and the South-East bit of Yedapadavu village be left out and the remaining area be planted as agreed to by all. A copy of the proceedings of the said meeting received from the District Forest Officer South Kanara Division under his No.RC-5628/60-C3 dated 2-6-60 is submitted herewith for favour of kind perusal.

Request that the orders sought for under para 1 above be obtained and communicated early so as to enable the District Forest Officer, South Kanara Division to complete the planting work all over the area pitted for the purpose.

I also request under the circumstances of the Minister having assured removal of stay order and the parties also accepting permission may be given to take up planting as this is a seasonal work and if not planted immediately the work already done will be wasted.

--

25/6

For Chief Conservator of Forests.

Copy of letter No.RC 5628/60-C3 dated 12-5-60 from the District Forest Officer, South Kanara, Mangalore to the Conservator of Forests, Coorg Circle, Mercara.

Sub:-Waste land for Cashew cultivation in Badaga- Yedapadavu and Todar.

Ref:-No.AFD 46 FGN 60 dated 16-4-60 of the Secretary to the Government of Mysore Agriculture and Forest Department.

I beg to state that the Hon. Minister for Forests and Transport having heard the representation of Sri A.Vittal Punja and Dr. K.Balappa Shetty said that the area already pitted would be planted up and that no further area will be taken up at Badaga-Yedapadavu. Hon. Minister was kind enough to tell me that the order would be issued vacating the stay order in this connection. Since the planting season is fast approaching I submit that the Government may please be requested to issue the vacation order early.

For Chief Conservator of Forests.

Proceedings of the informal meeting of Tenkamijar, Badagayedapadavu, Todar etc., Villagers convened by the District Forest Officer, South Kanara District.

Present
1. Sri K.A. Muddayya, District Forest Officer.
2. Sri A.Vittala Punja, Land lord, Merkadaguttu.
3. Sri M.Ananda Alva, Land lord, Mijar
4. Sri A.Thimmappa Punja, Mundabettu.
5. Sri B.Thyampanna Shetty, Bongabettu
6. Sri T.Anan tha Pai, Mijer.
7. Sri K.Syed Ali Haji, Todar
8. Sri M.A. Sheik Abba, Mijar
9. Sri B.Ahmed Bava
10- Sri D.N. Venkatramana Forest Range Officer, Moodabidri.

The District Forest Officer, South Kanara, explained to those present the advantage of planting these areas and also the evils of leaving them barren.

2. Sri Thimmappa Punja stated that it is very difficult to obtain the required thatching grass to thatch the huts and sheds and that the cattle also will find it difficult if the area is closed for grazing. The District Forest Officer explained to them that there will be no restriction to graze cattle to remove thatching grass, manure leaves and firewood from the area as it was enjoyed hitherto.

3. Thereupon Sri M.Andnda Alva suggested that protions to the South of the Mijar - Todar road be left out from the planting area. Mr Syed Ali Hajee said that Todar Blocks be left out. After discussion it was agreed to leave the North West Bit of Todar village and the South East Bit of Yadapadavu village to left out.

4. Mr. Syed Ali Hajee said that though the assurances stated in item 2 is now by this officer is likely to be violated in the future. The District Forest Officer stated that a copy of the proceedings drawn up today will be given to the each of the Presidents of the Panchyats of these villages and that a copy also will be submitted to the Government for their information and assured that there is no reason to have any fear of violation. Thereupon it was unanimously agreed to leave the 2 bits referred to above and plant up the remaining area.
